I'm running through the gates of love as fast as I can  
I can't wait to see You, 'cause I'm desperate man  
You made the light and sent it down to show us who  
You are  
Now it's bursting out my heart

My desire is burning like a million stars  
And I'll keep reaching out, reaching out for You

I'd be nothing without You, yeah, I would die  
If I didn't have Your hand, if I couldn't look into Your  
eyes  
Jesus, if Your love's the fuel then I'm the desperate  
flame  
That's screaming out Your name

My desire is burning like a million stars  
And I'll keep reaching out, reaching out for You  
My desire is burning with the fire You sparked  
And I'll keep reaching out, reaching out for You

This is glory rising over a new horizon  
I see Your love, I feel Your smile  
You're in my heart and I will run  
With all I have to You

My desire is burning like a million stars  
And I'll keep reaching out, reaching out for You  
My desire is burning with the fire You sparked  
And I'll keep reaching out, reaching out for You

I'm reaching out for You  
I'm reaching out for You, You, You
