You heard my cry for mercy, You heard my cry for help
And You turned Your ear to hear me, to save me from
myself

When I think of all You've done,
Oh my heart is overcome with

Joy, joy, unending joy, always joy will remain
Joy, joy, I sing for joy, always forever I'll stay in Your joy

The chains have all been broken, the walls have all
come down

And here I stand forgiven, in this grace that I have
found

When I think of all You've done,
Oh my heart is overcome with

Joy, joy, unending joy, always joy will remain
Joy, joy, I sing for joy, always forever I'll stay in Your joy

My heart will sing, my heart will sing for joy
Forever I'll sing, forever I'll sing for joy
[x2]

Joy, joy, unending joy, always joy will remain
Joy, joy, I sing for joy, always forever I'll stay in Your joy
[x2]

Forever I'll stay in Your joy
