A voice is on the wind
It calls me further in
I'm heading deeper into Your heart
Your mark is on my chest
My sails filled with your breath
You guide me by the light of the stars

I'm sailing on a ship that's bound for life
I wrestle with the wind against the tide
I'd leave it all behind to reach for more
I'm sailing on to Your golden shore

The skies go blue to gray
And I'm thrown from wave to wave
You still will hear these lungs singing hard
With every storm I face
I have found a greater grace
That pulls me deeper into Your heart

I'm sailing on a ship that's bound for life
I wrestle with the wind against the tide
I'd leave it all behind to reach for more
I'm sailing on to Your golden shore

I'm sailing on a ship that's bound for life
I wrestle with the wind against the tide
I leave it all behind to reach for more
I'm sailing on
To where the water's running sweet and bright
The sun is rising in the eastern sky
I'd leave it all behind to reach for more
I'm sailing on to Your golden shore
To Your golden shore
