Barrelminded, sorry baby that's what I am.
A blindfolded fucker that just don't give a damn.
Ignorant, bad vibes I got a lot.
Handsome, sorry baby that's what I'm not!
Psychotic, on the edge of insanity.
Collidin' with everyone that's fuckin' with me.

Attention! Boys and girls here I come.
Explodin' 3 2 1, come and get some.

Chorus
Get outta, get outta, get outta my head!
Step outta, step outta, step outta ,my way!
Leave me, leave me, leave me alone!
My heart, my heart is made of stone!
(Get the fuck out!)

Unattractive at every hot spot.
Beautiful, sorry baby that's what I'm not!
Blokheaded, there is nothing I want to try.
Ignorant, that is how I live my whole life.

Attention! Boys and girls here I come.
Explodin' 3 2 1, come and get some.

Chorus
Get outta, get outta, get outta my head!
Step outta, step outta, step outta ,my way!
Leave me, leave me, leave me alone!
My heart, my heart is made of stone!
(Get the fuck out!)

(Step out! Step out!)

So many of you made a joke about a boy like me.
What the hell did I do wrong?
(What the hell did I do wrong?)
You laughed and beat me up for fun.
But now I pay you back.
And no one laughs when I am done.
