What's all this terrible noise in here?
I start to tear my hair out.
I already made my choice, my dear.
tell me don't you find your way out?
I had so many questions that I wanted to ask.
But you decided to stay quiet.
My vision 'bout you is so crystal-clear.
You keep on twisting faces but, baby I don't buy it.

I won't drown in your charm like I did once.
In your arms I felt safe from harm.
Protected and secure and satisfied, but then you

Chorus
You took everything that I owned, broke it into pieces.
Now go, as far as you can
'Cause you don't give a, don't give a, don't give a shit
about me.

I remember when I met you a long time ago.
You played "easy to get"
And I was easy to control.
But your beautiful smile won't get you nowhere.
Say hello to my sneakers, while they kikk you outta
here.

I won't drown in your charm like I did once.
In your arms I felt safe from harm.
Protected and secure and satisfied, but then you

Chorus
You took everything that I owned, broke it into pieces.
Now go, as far as you can
'Cause you don't give a, don't give a, don't give a shit
about me.
My love doesn't live here anymore
So let me introduce you to the out door.
There's no kiss and no handshake
'Cause you don't give a, don't give a, don't give a
damn about me!

You won't listen to you...won't listen to you.

Now I feel everything but you (just stay away)
I never thought that life would do (without you here)
In every corner of my mind (I'm happy now)
And finally I breathe again!

Chorus
You took everything that I owned, broke it into pieces.
Now go, as far as you can
'Cause you don't give a, don't give a, don't give a shit
about me.
My love doesn't live here anymore
So let me introduce you to the out door.
There's no kiss and no handshake
'Cause you don't give a, don't give a, don't give a
damn about me!
