like a bullet 2 your idols,  
just one word from me..and it goes it's way.  
like some gasoline into the fire,  
i burn your house down...with no delay!  
with no delay.  
with no delay.  
with no delay.

aah yeah!  
i bring pain 2 the people who want it,  
and mad stress 2 tha critics who like to keep on  
frontin'...  
everyday,allday u keep strikin'my nerves.  
punk,step back in line and get what u deserve..  
(oh...let me see...)  
who wanna be my lucky partner,who wants 2 get the  
best of me...  
i'm a put ya where your place iz at,  
'cause i will put u in my world where no peace is  
at,what...  
with no delay.  
with no delay.  
with no delay.  
with no delay.
