Phish
"If I Could"

"Take me to another place", she said
"Take me to another time
Run with me across the oceans
Float me on a silver cloud"

If I could I would, but I don't know how
If I could I would, but I don't know how
If I could I would and I'd take you now

"Stay with me till time turns over
I want to feel my feet leave the ground
Take me where the whispering breezes
Can lift me up and spin me around"

If I could I would, but I don't know how
If I could I would, but I don't know how
If I could I would and I'd take you now

Hear you laughing as we go
Flipping backward through the doors and through the
windows
I'm melting into nothing

If I could I would, but I don't know how
If I could I would, but I don't know how
If I could I would and I'd take you now

If I could I would, but I don't know how
If I could I would, but I don't know how
If I could I would and I'd take you now

If I could I would, but I don't know how
If I could I would, but I don't know how
If I could I would, but I don't know how
