Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house

(This part is different every time. These are the lyrics
on Live Phish Vol. 1)

Woke up this morning
Looked at the clock
It was 1:11
Rolled over
Khadafi in my bed
So I smoked a joint with him

Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house
Hey makisupa policeman
policeman came to my house

Policeman came to my house (repeats in rounds)
