We've got it simple, 'cause we've got a band
And we've got cymbals in the band
We've got it simple, 'cause we've got a band
And we've got cymbals in the band

What is a band without cymbals?
Ooh ooh, cymbals are grand

We've got a saxophone, 'cause we've got a band
And we've got a saxophone in the band
We've got a saxophone, 'cause we've got a band
And we've got saxophone in the band

What is a band without saxophone?
Ooh ooh, saxophone is grand

Cymbals and saxophones
Saxophones and cymbals
Cymbals and saxophones
Saxophones and cymbals

We've got Be-bop, 'cause we've got a band
And we play Be-bop in the band
We've got skyscrapers and it seems a pretty tune
Every band needs skyscrapers too

What is a band without skyscrapers?
Ooh ooh, skyscrapers is grand

Sim-Bop and Be-Bophone
Sky-Balls and Sax-Scraper
Sim-Bop and Be-Bophone
Sky-Balls and Sax-Scraper
