All throughout I gaze and glimpse you  
Loving never did convince you  
I see you when you're all alone  
It's like a person I've not known

The moment ends though I feel winds  
Blowing differently than ever before  
And they're pushing me further from shore

The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds

The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds

The moment ends, the moment ends  
The moment ends, the moment ends  
The moment ends, the moment ends  
The moment ends, the moment ends

The moment ends, the moment ends  
The moment ends, the moment ends  
The moment ends, the moment ends  
The moment ends, the moment ends

A frothy cap the steady slap  
A frothy cap the steady slap  
A frothy cap the steady slap  
Of lines against the rail

A frothy cap the steady slap  
A frothy cap the steady slap  
A biting rain take in the main

Up the rigging take in sail  
Mind the skipper we'll not fail  
He'll bring out wine all will be fine  
Just hear the order watch the sail

The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds

The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds  
The moment ends though I feel winds

The moment ends, the moment ends  
The moment ends, the moment ends  
The moment ends, the moment ends
