I'm running.. through the fields  
Laughing.. dreaming..  
I'm driving.. through the mountains  
Breathing.. a new life

I don't mind what people say  
No, I won't look back for another day  
Gonna shed my skin and walk away..  
I don't mind what people say  
No, I won't look back for another day  
Gonna shed my skin and walk away..

I'm floating.. through the river  
Twisting.. and turning..  
Running through the suns  
Searching.. a new life...

I don't mind what people say  
No, I won't look back for another day  
Gonna shed my skin and walk away..  
I don't mind what people say  
No, I won't look back for another day  
Gonna shed my skin and walk away..  
I don't mind what people say  
No, I won't look back for another day  
Gonna shed my skin and walk away..
