All the deepest fears  
All the lying tears  
Empty covers  
All unanswered calls  
All the broken souls  
Desperate lovers  
Can't you see? She hunted me  
In my misery

Missed her lonely sight  
Turned and left away  
In the midnight light  
There's a burning flame  
Deep inside my bones  
Take away my pain

Baby, come help me find my way  
Come help me find my home

All the deepest fears  
All the lying tears  
Empty covers  
All unanswered calls  
All the broken souls  
Desperate lovers  
Can't you see? She hunted me  
In my misery

Thunder of the road  
Is my only friend  
So many tales were told  
But a few have seen the end  
All the rest have gone  
They were left alone

Baby, take me where I belong  
Come help me find my home

All the deepest fears  
All the lying tears  
Empty covers  
All unanswered calls

All the broken souls  
Desperate lovers  
Can't you see? She hunted me  
In my misery

Will I ever disappear?  
Spark that's flickering alone  
Where a lie is always near  
Where the truth is long time gone

Spitting out that poisoned wine  
I will keep you by my side  
Cause I know that you'll be mine  
Cause you've hunted me tonight

All the deepest fears  
All the lying tears  
Empty covers  
All unanswered calls  
All the broken souls  
Desperate lovers  
Can't you see? She hunted me  
In my misery

Missed her lonely sight  
Turned and left away  
In the midnight light
