Baby, our city's on fire
Don't you know it's going to be alright
Well alright, alright, alright

Lately, you're running through the bombs
Don't you know it's going to last all night
Well alright, alright, alright, alright, alright

Baby, revolution is over
You and me it's going to be alright
Well alright, alright, alright

Hard times won't last forever
Don't you know we've got some real good time?
Well alright, alright, alright

There was a time
She called me sweet, my hero, my cute thing
I gave her all the love I got

Baby, for you I'm a man
This is how I got to prove my love
I love that

Baby, left me for another
Don't you know it's going to be alright
Well alright, alright, alright, alright, alright

There was a time
She called me sweet, my hero, my cute thing
I gave her all the love I got

Baby, our city's on fire
Don't you know it's going to be alright?
Well alright, alright, alright

Hard times won't last forever
Don't you know it's going to be alright?
Well alright, alright, alright
