Well I really got go now  
Phony as in Â«you're not just anyoneÂ»  
Even though we're not supposed to  
I would rather be too close to if anything?  
Is it a false alarm, another one?

When you can't cross the line  
But you can't stop trying

Alone

Crystal or Bamboo  
Voyageur Canoe  
Crystal or Bamboo  
Do you need another one,  
Someone to talk to?

Put my name on your list  
S.O.S. in Bel Air

When tired you're no fun  
When idols are boredom to everyone  
When every piece of every costume is stolen, missing  
I recall the pretty things  
Is it the last of me or lesson one?

When you can't cross the line  
But you can't stop trying

Alone

Crystal or Bamboo  
Voyageur Canoe  
Crystal or Bamboo  
Do you need another one,  
Someone to talk to?

Put my name on your list  
S.O.S. in Bel Air
