Chorus:

No doubt, hold tight  
To the break of dawn, to the break of light  
No doubt, hold tight  
To the break of dawn, to the break of light

Verse 1 (Everlast)

I say yes yes y'all, to the right beat  
Get up everybody's 'bout to leap their feet  
Get down everybody's 'bout to loose their seat  
I be huntin' down crews like Pacino in Heat  
Putting psychology in your biology, no scientology  
dianetic anaesthetic  
You took bad advice, kid i'm mad precise  
When it's time to get nice, i heat it up like spice

(Chorus)

Verse 2 (Everlast)

Come on, let's be real, you only think you can deal  
That's why i'm holdin' the steal, i rock shit to make you  
feel like  
Damn that looks easy, maybe i can do it  
So you take a fat beat and put your wack rhymes to it  
And God only knows what can make you persue it  
For those who can't dance and clap your hands to it

(Chorus)

Verse 3 (Everlast)

You tell me you're the baddest and you get the most  
cream  
But tell me what's the status of your self-esteem  
Your frontin' on your jewels and your benz and your lex  
All the bodies that you caught and all the females you  
sex  
Yes yes y'all, true indeed, the sight of the world keeps  
me high on weed  
Makes my eyeballs bleed but i must proceed  
Yo that chick 's good lookin' but she's hooked on speed  
Buy your first-row ticket, watch the vultures feed

Get your culture free from the lust and greed.

(Chorus)
