Ft. 789 Crew

All these flashing lights have got me going
I be seeing the illusions and she shadows to showing
And the beats that the dj plays
Places my heart in the night then fast in the day
I know I'm out of control, her body keeps coming for
more
Not gonna stop until the clock is 4
My feet plead guilty cause they killed the dance floor
They killed the dance floor, they killed the dance floor
They killed the dance floor, they killed the dance floor

So I did it, I killed the dance floor
And the drinks made me kill it, whoa
Drinks got me acting slow, oh
And my head's kinda spinning
I got to pick up the pace
Tonight's about... for me
Don't need no one got music that's my company
I'm within these 4 walls like I'm trapped up in a maze

Gonna need daylight to take me out to space

Oh boy out of control, her body keeps coming for more
Not gonna stop until the clock is 4
My feet plead guilty cause they killed the dance floor

I'm out of control and I ain't gonna stop till the clock
kicks 4
Secrets of my peace I'ma kill the floor
Honey looking like a bunny...
This is how we do it, uk, London
... ah, Bombay,... when I step upon the mike...
You can't stop me...

I'm going out of control
They killed the dance floor, they killed the dance floor
They killed the dance floor, they killed the dance floor
They killed the dance floor, they killed the dance floor
They killed the dance floor, they killed the dance floor.
