What was wrong with you?
What was wrong with me?
We can put it all behind
When we get between the sheets, babe

Looking down at your face
You know what i'm asking for
Soft and warm in my place
Is it too much to ask for?

What was wrong with you?
What was wrong with me?
We can put it all behind
When we get between the sheets, babe
What i said to you
What you said to me
We can leave it all behind
When we get between the sheets, babe

Your sweet lips close to mine
I think it's time to come inside
Now here's your coat
To catch the rain, baby
Don't stop until i go insane

What was wrong with you?
What was wrong with me?
We can put it all behind
When we get between the sheets, babe
What i said to you
What you said to me
We can leave it all behind
When we get between the sheets, babe

You dont understand
What you do to me each time we kiss
I don't think another love
Will ever come close to this
Let me breathe the words and make
You feel a certain way tonight
Everything you say or do
Baby if it's wrong it's right

You don't understand what you do to me
Each time we kiss
I don't think another love
Will ever come close to this
Let me breathe the words and make
You feel a certain way tonight
Everything you say or do
Baby if it's wrong it's right

What was wrong with you?
What was wrong with me?
We can put it all behind
When we get between the sheets, babe
What I said to you
What you said to me
We can leave it all behind
When we get between the sheets, babe
