'Til the end...

'Til the end...

My friend, Kelly's got a problem in her life  
She's got a man who doesn't love her  
And never treats her right  
Now he hits her and he beats her  
And nearly took her life  
And now she's lying in a hospital bed  
And all I can do is cry

She was my friend  
'Til the end  
There's no-one better than her  
She was always there  
'Til the end  
There was no need to apologise  
She never did nothing to me  
She was my friend  
'Til the end

My friend, Jamie, he'd never had a fight  
He was the sweetest kind of guy  
He could always make me smile  
Then he caught the street life  
And he started selling drugs  
Then they found him in a puddle  
And it was no love

He was my friend  
'Til the end  
There's no-one better than him  
He was always there  
'Til the end  
There was no need to apologise  
He never did nothing to me  
He was my friend  
'Til the end

You gotta love yourself  
Hold yourself  
Squeeze yourself

Kiss yourself  
And never let nobody  
Else come disrespect yourself  
Life is short and life is good  
And life is sweet  
But you never know  
When life will come and pull you off your feet  
You only get one chance  
You gotta take it  
If you believe in you  
You're gonna make it  
Whenever things go wrong  
Now you can make it right  
Don't ever let no-one  
No-one control your life

He was my friend  
'Til the end  
There's no-one better than him  
He was always there  
'Til the end  
There was no need to apologise  
She never did nothing to me  
She was my friend  
'Til the end  
He was my friend  
She was my friend  
'Til the end  
'Til the end  
'Til the end
