Sittin' at a bar on a Friday night, alright [Alright!]
Waitin' in my car for the traffic light, alright [Alright!]
Thinkin' of my girl, what a Gypsy Queen, alright [Alright!]
Playin' my guitar in a Spanish dream, alright [Alright!]

She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright
She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright

Blue eyes, black hair, long legs all there,
Sweet talk, talk to me
Downtown, silk gown, fine friends shake down,
Rich girl, dance with me

Huggin' and a-kissin' in a Cadillac, alright [Alright!]
Run your naughty fingers up and down my back, alright [Alright!]
Wanna say "I love you" like a man in a trance, alright [Alright!]
All i gotta do now is to teach you to dance, alright [Alright!]

She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright
She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright

Blue eyes, black hair, long legs all there,
Sweet talk, talk to me
Downtown, silk gown, fine friends shake down,
Rich girl, dance with me

She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright
She's not a disco lady, but she's alright, she's alright
She's just a high class baby, but she's alright, she's alright
