Got through the receipt for your chemistry
Famine and energy, simply irresistible
, in the air, let's play truth or dare
The truth is no truth just dare
I wanna get into you!

Pre-Chorus:

... I know you want it
Take it, in fact you want it
My mojo, my mojo hoe!

Chorus

I know you want the,. animal magnetism
Drawing you close to me
Cause I'm on the ground
You're the one I want
I'mma fuck you like an animal
You're the one I want
I'mma fuck you like an animal
When I put it down,
You sound just like an animal
Baby just this time,
I'mma fuck you like an animal!

Girl,... make it
Those are overrated
We should look the way,
Lose your inhibitions
All you want cause no one is listening
I'm going in for the killing
You're my victim!

Pre-Chorus:

Eyes... I know you want it
Take it, in fact you want it
My mojo, my mojo hoe!

Chorus:

I know you want the,. animal magnetism
Drawing you close to me Cause I'm on the ground
You're the one I want
I'mma fuck you like an animal

You're the one I want
I'mma fuck you like an animal
When I put it down,
You sound just like an animal
Baby just this time,
I'mma fuck you like an animal!

Tell me you want it,
Tell me I make you horny
I know you like this position
Girl, go crazy!
You're doing it again,
Take a... again
I'mma tear the walls down,
Make you say my name
What you say?
I'm the king!
, inside you till you lose your brains
Now go insane
Now go insane
Now go insane
Go insane!

Chorus:
I know you want the,. magnetism
Drawing you close to me
Cause I'm on the ground
You're the one I want
I'mma fuck you like an animal
You're the one I want
I'mma fuck you like an animal
When I put it down,
You sound just like an animal
Baby just this time,
I'mma fuck you like an animal
