Be careful how you treat my love
Don't you know good love is hard to find
Be careful how you use my love
Just be kind to this heart of mine

Darling you've been careless
For the past few months
It's time you realize
How much you stand to lose
Love don't grow on trees
You should have learned by now
Once you find real love
Never, never let it go

Be careful how you treat my love
Don't you know good love is hard to find
Be careful how you use my love
Just be kind to this heart of mine

My love is strong and true
I've given it all to you
Don't be foolish now and throw it away
What I'm trying to say
Let's be more aware
Of this thing we've got
This love we have

Be careful how you treat my love
Don't you know good love is hard to find
Be careful how you use my love
Just be kind to this heart of mine

Be careful how you treat my love
Don't you know good love is hard to find
Be careful how you use my love
Just be kind to this heart of mine

You better be careful how you treat my love
You know that love is hard to find
Be careful...
You better be careful how you treat my love
I'm tellin' you, I'm tellin' you...c'mon be careful...
