Hold on, hold on
Hold on, hold on
Hold on, hold on
Hold on, hold on

Ohhhh, oh-ohhhhh, oh, ohhh
Ohhh, whoa

I woke up this morning and you were on my mind
What you told me was just some simple lines
Things will be much better
Set your mind at ease
Love and understading are just some other keys

If you just hold on,
Your burden will be lighter [Lighter]
Hold on
Your days will be much brighter [Brighter]

Ain't no use in crying, tears won't solve a thing
Got to keep on trying to mend your broken wings
Searching for an answer
Feelings that uphill climb
But nothing where you're going will stand the test of
time

If you just hold on,
Your burden will be lighter [Lighter]
Hold on,
Your days will be much brighter [Brighter]

Hold on, hold on
Hold on, hold on
Hold on, hold on
Hold on, hold on
(x2)

Hold on
Your burden will e lighter [Lighter]
Hold on
Your days will be much brighter [Brighter]

Hold on, hold on, hold on
Hold on to the feeling [Never let it go]
Ooh [Hold on, hold on to the feeling]
Hold on [Hold on, never let it go]
I want you to hold on, baby [Hold on to the feeling]
Hold on to the feeling, uh-uh [Never let it go]
[Hold on, hold on to the feeling]
[Hold on never let it go]
[Hold on, hold on to the feeling]
[Hold on, never let it go]
[Hold on, hold on to the feeling]
[Hold on, never let it go]
No-no-no-no, no, no-no-no-no, uh-uh
Ooh [Hold on, never let it go]
Come on, take my hand, I'll keep you steady, hold on
[Hold on, never let it go]
Ooo..ooo... [Hold on, hold on to the feeling]
Ooh! Hey, hey [Hold on, never let it go]
Ohhh....
