There's a town that has no name
Has no fortune, has no fame
Lonely people pass this way
Just 25 miles to anywhere

You don't have to be afraid
This is where true love is made
Would you like to spend the day?
Just 25 miles to anywhere

It's a place where dreamers go
There is no pain and no sorrows
Everyday is filled with joy
For every girl and every boy
I'll take you there
I'll take you there

And your heart is on the line
And you'll know your place in time
You can find your piece of mind
Just 25 miles to anywhere, anywhere
Anywhere, anywhere....
