True love so hard to hold to  
Lost in a love affair  
How could you let her control you  
Did I hear you say  
"We'd work it out some way"?

Sweet dreams and times of laughter  
We could've have it all  
But my dreams are all that she's after  
Wish that it would  
Say I misunderstood some way

I got to leave you  
But love don't wanna let love get away [Get Away]  
Some way [Some way, some way]  
I don't wanna lose you,  
But I'm not gonna let you get away [Get Away]  
Some way [Some way, some way]  
Oh, she's gonna use you  
Break your heart and leave you get away [Get Away]  
Some way [Some way, some way]  
Some way, some way, some way we can make it

Tell me it's not over  
Now after all these years  
Take back the lines that you told her  
So won't you stay?  
Please wash away my tears

Don't let forever after  
Turn into yesterday  
Can we try and recapture  
The joy that we knew  
Just me and you some way

Got to leave you  
But love don't wanna let love get away [Get away]  
Some way [Some way, some way]  
Don't wanna lose you  
But I'm not gonna let you get away [Get away]  
Some way [Some way, some way]

Oh, she's gonna use you  
Break your heart and leave you get away [Get away]  
Some way [Some way, some way]  
Ohh, some way, some way, some way we can make it  
Oh, oh, oh, oh  
We can make it ohhh, ohhhh [We can make it]  
We can make it, yes, we can  
Oh, some way, some way, some way we can make it  
Oh, it's not over, I know, it's not over baby  
I won't let you get away, some way
