Another day of waiting out this storm
The rain has come to stay since you've been gone
Oh, but isn't that the way of heartache
Seems it's never gonna go away
Then you put yourself together
The sun is shining again

Now I'm waiting for the last tear to fall
I've gotta put the past behind me
And get on with it all
Waiting for the last tear to fall
I've been crying for too long
Now I'm waiting for the last tear to fall
I'm waiting for the last tear
Last tear to fall

Another night and there's no sign of stars
And all I want is to be where you are
But I really gotta keep my distance
And forget the things you meant to me
I'm waiting for that moment
When I'm back on my feet

Now I'm waiting for the last tear to fall
I've gotta put the past behind me
And get on with it all
Waiting for the last tear to fall
I've been crying for too long
Now I'm waiting for the last tear to fall

Of all that used to be
But how could I give up all of my dreams
Maybe then my heart could be free
'Cause when I let you go
You'll just be someone I used to know
I used to know
I used to know
Hey, hey

Waiting for the last tear to fall
I've been crying for too long

Now I'm waiting for the last
Tear to fall
For the last tear, I need to move on
Gotta get on with my life
Waiting for
The last tear
I don't need this plan
I don't need you no more
Not again
I've gotta move on...
