Sinking I'm sinking fast
In your eyes
The memories dance
Waking up this heart of mine
This crazy love
It's you and I
Can't you see
This was meant to be
So far from where we've been
We'll carry on the ties that never end
Will bring us home again

The distance,
So far and wide.
I long for,
You by my side.
Waking up this heart of mine,
This crazy love,
It's you and I.

Can you see,
This was meant to be.
So far from where we've been,
We'll carry on,
The ties that never end,
Will bring us home again.
