Have you seen my friend
She's gone round the bend
& I'm wonderin if she's OK
Very strange...

She's a kind of witch
She can be a bitch
But I'm wondering if she's OK
Very strange...

She's left her family her body & her mind
I'm finding her footprints are pretty hard to find
I hope you don't think I'm unkind

She reminds me of you

Have you seen my friend
She's gone round the bend
& I'm wonderin if she's OK
Very strange...

She's left her family her body & her mind
I'm finding her footprints are pretty hard to find
I hope you don't think I'm unkind
She reminds me of you
