Promises broken, cold summer rain
All those sweet candle light words
Spoken in vain
Seems like the battle we'd won
Was lost in the end

Please don't say you're sorry
You don't wanna lie to me
The comfort you gave was the secret goodbye
So what do you want me to say?
I loved you

Gather the pictures, spread out on the floor
This is of dreams to be burned
The moment you walked out the door
Saw in that look in your eyes
That I've seen before

Please don't say you're sorry
You don't wanna lie to me
There is no reason why, all the tears that I've cried
Will stop you from going away

Please don't say you're sorry
Guess I was too blind to see
Just an innocent girl, in a dangerous world
Too afraid to be hurt by the truth

I love you (don't say you're sorry)
Don't say you're sorry, no no no
Though I know it's a lie
I still feel like I would cry
But I don't have any moreâ€¦

Please don't say you're sorry
Things will never be the same
Without youâ€¦

(Don't say, say you're sorry)
(Don't say, say you're sorry)
Don't say sorry
