[Verse 2: Dark Poet]

Lets go. One million. Two million.
Three million. Five

Other ones my million.
Struggling, striving,
And touring, and traveling.
Get that doe, aye yo
We fly like we javelin.
These niggas rambling, unreaveiling
Get stomped.
These mammals like a camel

Leave his back full of hump.
You, lil chump betta buckle up
Or cover ya face
Cuz we gone chop knuckle.
Toughen up!
Definition of a street dream,
Papa bottle.
Only time you floss,
Is when you keep ya teeth clean.
And I love the freaky ladies but...
You gotta be fresh like a babys butt.
So move to the loser spot.
You gone lose ya spot.
