And I know, I know you'll be this way
'Cuz I know it's gonna be o.k.
And if you want me just tell me it's fine
I won't be the way you remember that night
And I know, I know you'll see the light of day

But I can't keep going this way
I won't let you bring me down everyday
I can't sit around and sulk all the things that I have lost
Start a new life, become the man that I want

And I know you won't see the new me
But you don't care about me

Yeah, I know
You're not gonna be there in the end
You won't be there to be my friend
I can't go on living my life the way that I have been
I know it's been a long time, but it won't be end
You gotta let me go, I gotta let you go, you don't really
know me
You don't know how I feel and what the way it's been--

Just let me be free
Don't tell me the things that I can not be
I don't believe you anymore

I know it's got to be this way
Although it may hurt me, I know you'll be the same
