Visit "[Follow My Heartbeat](#)" on MotoLyrics.com

I threw a penny in a wishing well  
And made every wish for you  
Then I threw in another one  
Just in case it might take two

I'm closin' my eyes  
And concentratin' telepathically  
I'm sendin' my love to you,  
baby  
Til you get the message from me

Just come a, come a, come a little closer baby  
With every single step you take  
To the end of the rainbow or the yellow brick road  
And see what kind of magic we make  
(Magic we make, magic we make)

Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love

I've got your number in my Rolodex, baby  
Underlined your name in red  
I hope you're feelin' every love  
wave  
I'm givin' you the go-ahead

Just come a, come a, come a little closer baby  
With every single step you take  
To the end of the rainbow or the yellow brick road  
And see what kind of magic we make  
(Magic we make, magic we make)

Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love

I threw a penny in a wishing well  
And made every wish for you  
Then I threw in another one

Just in case it might take two

I'm closing my eyes  
And concentrating telepathically  
I'm sending my love to you,  
baby  
Til you get the message from me

Just come a, come a, come a little closer baby  
With every single step you take  
To the end of the rainbow or the yellow brick road  
And see what kind of magic we make  
(Magic we make, magic we make)

Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow  
Follow, follow, follow  
Follow, follow, follow  
Follow, follow, follow  
Follow, follow, follow my heartbeat  
Just follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Just follow, follow, follow my love  
Follow, follow, follow my heartbeat  
Follow, follow, follow my love  
Just follow, follow, follow my heartbeat  
Follow, follow, follow my love
