Like the sand can seep right through your fingers so
can all your day

As those days go by you'll have me there to help you
find the way.

The way I feel with you I know it's got to last forever.

And when the rain begins to fall
you'll ride my rainbow in the sky

And I will catch you if you fall
you'll never have to ask me why.

And when the rain begins to fall I'll be the sunshine in
your life

You know that we can have it all and everything will be
allright.

Time goes by so fast

You've got to have a dream

To just hold on.

All my dreams of love began

With the reality of you.

You and I believe

That all our dreams will last forever.

And when the rain begins to fall

...

Though the sun may hide

We still can see

The light that shines for you and me

We'll be together all that we can be.

And when the rain begins to fall

...

And when the rain begins to fall
