Verse1:

If I was more like You
I would change the way I live
And I'd be so slow to anger
A little quicker to forgive
I'd never worry about tomorrow
I'd be more thankful for today
And I'd find joy among the sorrow
And let it Carry Me Away

Verse 2:

If I was less like me
I'd find my strength in loving You
I'd be as mighty as a river
And as gentle as the morning dew
And I would walk into the fire
Though my feet are made of clay
Find the path of God's desire
And let it Carry Me Away

Piano interlude

Verse 3:

And in times of desperation
When I'm weary and afraid
I would cling to my salvation
And let it Carry Me Away
