Don't you dare! Judge me on character!
It's not what you were! That makes you who you are
inside.

So take that pride you called your own
And stuff it down your fucking throat.
Stuff it down your throat.

Woh! Oh! Oh! Woh! Oh! Oh!
We all move on!
Woh! Oh! Oh! Woh! Oh! Oh!
We all move on!

Fuck you girl, tainting my blackened heart!
You make me hurl! Bitch you make me sick to the back
teeth.

Don't waste your time with her.
She's nothing but a fake.
Don't waste your time with her.
She's nothing but a whore.

Take your pride!
And stuff it down your throat!

Woh! Oh! Oh! Woh! Oh! Oh!
We all move on!
Woh! Oh! Oh! Woh! Oh! Oh!
We all move on! (My heart has room for one.)

So take you're pride. And take it to it's limits!
You're digging yourself a grave.

Don't you dare! Judge me on character!
It's not what you were inside.
