Oh!
Yeah!
Light faded from broken eyes.
Dreams shattered in a thousand pieces.
What once was mine slowly dies.
Blind pain increases.

Growl > Scream

Covered! In shame and guilt.
Respawning like the house we built!
Discovered! In another form
Just watch me...

Re-spawn. Oh.
Re-Spawn. Oh.

And this is a hope for a new day!
That the chances we take, the chances we take
Can change!
Can change!

Grow out of this phase your facing.
Respawn.
Grow out of this phase you've taken.
Respawn.

And this is a hope for a new day!
That the chances we take, the chances we take
Can change!
Can change!

Re-spawn. Oh.
Re-spawn. Oh.
I don't deserve this gift!
I don't preserve this gift!

Light faded from broken eyes.
Dreams shattered into a thousand pieces.
