Butterfly
Floating by
Little one, will you catch him?
Will you try?

Pretty colors
Butterfly
Flying high, just like the rainbow
In the sky

Butterfly
Floating by
Can you see the Lord's face
In the sky

There is life
Butterfly
Run the race
For the prize

Just like the butterfly
We all
We all
Must die - goodbye

New season
Butterfly
For good things comes an end
Goodbye

Butterfly
Filled with life
Don't cry
For the butterfly - Goodbye
