She's a girl from a dirty neighborhood, she wants your love, and she is looking good

She will fight for you love mate, she always thinks that she is great.

Well, she's a dirty street fighter, dirty street fighter, a dirty street fighter, well, she's a dirty street fighter.

Hot love is her mainline, drifting on, always as a winner,

Wasted days and lonely nights, for your love she always fights.

Well, she's a dirty street fighter, dirty street fighter, a dirty street fighter, well, she's a dirty street fighter.

She's a girl from a dirty neighborhood, she wants your love, and she is looking good,

She will fight until you stay, you're the choice she wants to play.

A dirty street fighter, a dirty street fighter, a dirty street fighter, well, she's a dirty street fighter.

Well she's a dirty street fighter, a dirty street fighter, a dirty street fighter, well, she's a dirty street fighter.
