Flashes of memories, trying to find their way,  
Feel I am nowhere, feel I begin to sway.  
I'm out of time, I'm out of space, there's something  
wrong, I'll lose this race,  
Out of time, out of time.

My watch has stopped, I try to see through this cloud,  
Wherever I am, oh I'm gotta' get out.  
I wanna' go back, I'm out of space, the world is black,  
can't find a trace,  
Out of time, out of time.

I'm out of time, I'm out of space,  
There's something wrong, I'll lose this race.  
Out of time, out of time.  
I wanna' go back, I'm out of space, the world is black,  
can't find a trace,  
Out of time, out of time.
