Don't put your faith in me,
I'm gonna let you down.
You gotta say some things,
You better say them now.

Cuz when the moment's past,
That moment's gone
I get up and I'm up and I'm over
And I'm moving on
No it won't be, won't be long

Try to love
I'm already decided, who I'm gonna be.
But I never really noticed if you liked it or not
So I'm finally doing something
Just incase you forgot,
So guess what?
I'm gonna turn it up,
I'm gonna turn it up.

So you've got your eyes on me,
You've got your fingers crossed
You're hoping and you're waiting,
You're praying that I'll just walk

Looks like I'm dying here,
A little more each day
As the pressure builds
Pretty soon I'm bound to break
That's your number one mistake

Try to love
I'm already decided, who I'm gonna be.
But I never really noticed if you liked it or not
So I'm finally doing something
Just incase you forgot,
So guess what?
I'm gonna turn it up,
I'm gonna turn it up.

Come on and turn it up

That's your number one mistake

Try to love
I'm already decided, who I'm gonna be.
But I never really noticed if you liked it or not
So I'm finally doing something
Just incase you forgot
So guess what,
Guess what?
I'm gonna turn it up,
I'm gonna turn it up.
