Windy morning still
In bed I fight against the time
Well I guess it was a dream
I had you over through the night

Bringing back all memories
That made me keep smile
If I open up my heart
Would you be right here beside

Dreams not far to reach
Should we be guilt by those acts
But we both know
Inside it glows
The flame of our desire

Let it come
To the end
As we breath
For one more sin
Life is going by to show inside
Giving us the chance to realize
Let us find
What we search
As we're turning into one
Life is going by to show inside
Giving us to chance to realize
We can't just leave behind
We can't just leave behind

Many times we had the strength
To put ourselves back down
I'm not sure if I'm that strong
To control myself sometimes

Dreams not far to reach
Should we be guilt by those acts
But we both know
Inside it glows
The flame

Let it come

To the end
As we breath
For one more sin
Life is going by to show inside
Giving us the chance to realize
Let us find
What we search
As we're turning into one
Life is going by to show inside
Giving us to chance to realize
We can't just leave behind
We can't just leave behind

Uhhh
Oh, oh, oh, oh, oh
Leave behind
E yeah
E yeah
Ahh
E yeah
E yeah
Ahh
