you don't need a mister sister  
you just need a man  
they call you the ladybird  
just because they can

ladybird, ladybird  
where you gonna fly tonight

you don't care what they all say  
and I like you for that  
you got on your famous red boots  
and your cowboy hat

ladybird, ladybird  
where you gonna fly tonight

ladybird, your house is burning  
your children are alone  
there's a strange man at your window  
wondering what went wrong

ladybird, ladybird  
where you gonna fly tonight

so long, so long
