well it's been a long time coming  
looking for the neon glow  
been up and down the mountain  
wondering where the hell to go  
and I been along every dirt road  
looking for the yellow haze  
but I can't see it anywhere  
to candlelight my way

I said mister can you help me  
can you possibly explain  
why the rooster on your chimney's  
pointing north the other way  
he said you ain't from around here  
are you boys and I said no  
just keep on heading that away  
you ain't got far to go

don't stop the car  
no through road  
don't stop the car  
no through road

we're forty odd miles from nowhere  
and I don't know how to say  
that we're all heading back  
along the road from where we came  
forty odd miles from nowhere and  
the needle's in the low  
Pete said how far now  
I said we ain't got far to go

don't stop the car  
no through road  
don't stop the car  
no through road
