I'm not a well known man
I shake no golden hand
if I told you that I did I lied
no I've never seen the light in front of me
but I might some day

can't play sugar dad
got no cash for that
won't meet god tonight
but some other day we might

I wanna be you friend
from here to bitter end
if you don't oblige
at least stay overnight

ooh, that's ok
I was dreamin' anyway

I just wanted a friend
when I don't like who I am
you got the best little heart
and it glows in the dark
and alright, I understand
if you don't like who I am
I don't mean to be that hard to know

I'm not you fool to be
never wanna be
I left the only love is blind behind

no I've never seen
the light in front of me
but I might some day

oh, that's ok
I was dreamin' anyway
