It could be a fast car, flying down a dirt road  
It could be a slow song, playing on the radio  
It could be a picture of a place you love  
Or some memory that you hold  
It doesn't matter what it is  
If it gets you where you wanna go

It could be a jet plane, flying through the blue sky  
It could be a weekend, walking on the wild side  
It could be a candlelight with emerald eyes  
Or a single red rose  
It doesn't matter what it is  
If it gets you where you wanna go

If you wanna go back, if you wanna move on  
If you wanna get lost, if you wanna go home  
If there's a will then there's a way to get there  
If you wanna stay close, if you wanna go far  
Go on ahead and follow your heart  
One thing I know is we're all going somewhere

It could be a cold beer, talking to an old friend  
It could be your mama's house, and how it hasn't  
change one bit  
It could be a silent prayer to the man upstairs  
That lightens up your soul  
It doesn't matter what it is  
If it gets you where you wanna go

If you wanna go back, if you wanna move on  
If you wanna get lost, if you wanna go home  
If there's a will then there's a way to get there  
If you wanna stay close, if you wanna go far  
Go on ahead and follow your heart  
One thing I know is we're all going somewhere

You're on the right road  
If it gets you where you wanna go  
Yeah you're on the right road  
If it gets you where you wanna go
