What's this red thing? Looks like blood.
Is it mine, they hit so hard.
Wake me up when the bleeding has stopped.
Clean my body clear my mind.

Ignore that feeling. Pretend you breath.

Chorus:

You are the one I adore and fear. Holding your hand
Above my mouth to make me feel I'm yours.

Your drugs work they make me see who's the leader
Playing me. Hide and seek. Never felt as good as here
Hiding from you. Feeling free.

Chorus

Chorus2:

Kill yourself you fucker you've got it all and still
You had to fuck her spreading the deceiving poison of
Your broken mind.

Ignore that feeling. Pretend you breath.
Pretend you live and soon you'll see.

Chorus (2x)

Chorus2

Your skin must be thicker.
