I've got a sweet secret under my bed
I've got to hide it from my friends
Cause my pony is the fastest in the world
She almost flies in the morning sky
She so cool, her eyes burn brighter
She could suck me dry

Why shouldn't i just kill my pony?
She says that it's inside my head
I'm getting older.....?
Nothing matches her fire

I've got a sweet secret under my bed
Or inside my head like mum said
She's all i got, she makes me perfect
And they can see me and i am pretty
When i'm riding she's so cool, her eyes burn brighter
I could suck her dry

Why shouldn't i just kill my pony?
She says it's inside my head
I'm getting older.....?
Nothing matches her fire

Why shouldn't i just kill my pony?
She says it's inside my head
I'm getting older.....?
Nothing matches her fire

Why shouldn't i just kill my pony?
She says that it's inside my head
I'm getting older.....?
Nothing matches her fire

Why shouldn't i just kill my pony?
She says it's inside my head
I'm getting older.....?
Nothing matches her fire
