Hey look I got this thing on my shoulder.  
Listen all it makes a BIG NOISE!  
Don't get too close it might snap at you, oh well.  
And I am thinking you do not want that but you will still  
think about having gotten closer.  
I got nothing on my back - it's my shoulder, oh yeah.  
All eyes on me.  
All eyes on me.  
Man, I'm hungry and I don't know who I'm feeding.  
Stomach grumbles everyone should see this.  
Me and thing are hungry, but I'm not sure what the  
thing is.  
Break bread today, break bread today.  
My attention's been starved, oh yeah.  
I won't get bitten twice.  
The first is trouble and deep.  
I don't miss people 'cause I can't miss myself.  
No movement means dead.  
It's food and be fed the ghost of all fancy parts.  
A withering hand or a shadowed land won't conquer  
watcher's hearts.  
Stand up cause there's more to the story.  
I need undivided attention.  
It must be obvious but who wants yesterday's news?  
It's hungrier than ever.  
The hunger goes on forever.
