I am an artist strong
I paint pictures of the summer sun
Of the cool fresh water run
So that you can dream too

I'd like to change the world
But I don't believe I've got the right
If you're foolish enough to fight
You've got what's coming to you

This is my way, it's my life
It's my world I'm creating
Nothing can change who I am
Or the road that I'm taking
It's funny but I know
That's just the way it goes

So let me be in life

Cos I'm putting out this blazing light
Let the thirst of the world unite
You know it's getting to me too

I understand, that's fine
You don't have to like the songs I write
You don't care for the words, all right
I didn't write them for you

This is my way, it's my life
It's my world I'm creating
Nothing can change who I am
Or the road that I'm taking
It's funny but I know
That's just the way it goes
Just the way it goes
