Just like the game  
I hear the love won't

Alright

Yeah

What would you do  
Had another love  
What would you say  
Had another love  
What would you do  
Had another love  
What would you say  
Had another love

Simplistic ol' pimp shit to rub off your lipstick  
Industry misfit  
Rich and can spit shit  
I'm kickin' my game, without sayin' a name  
Could fuck off the fame, but they ain't love the game  
(So scared)  
You like heaven sweet  
Can sense you're in heat  
I can tell by the way your ass twist in my seat  
Cutest fuckin' feet, don't fuck 'em up on the street  
Cause I gotta let ya go  
If ya, trippin', yo (Go)

What would you do  
If I told you I  
Had another love  
What would you say  
If I told you I  
Had another love

When I look in your eyes  
When you walk right by  
When you holdin' my hand  
You don't feel like my woman  
So I'm saying "Bye, bye"  
No more living this lie

I know that wasn't our plan  
I guess here we go again

Shade makin' rounds, and them baby found out  
My love with this chick got me dippin' downtown  
5-5 and that ass that can do them twleve rounds  
Make a nigga put it down, will be fucking to the sound  
Make her hit a reach, she got me spittin' out in dro  
And when it comes, to blow, she kicks in the door  
Got her man's back, and only knows my dough  
With this dough and the show  
You'se is my hoe  
Hoe

If we got  
Together again  
I would be your very best friend  
Yes I would  
I would  
I would be by your side  
Every day, every night  
Chill, baby
