Look at me
What you get is what you see
Got no doubts up my sleeve
I believe, that we were meant to be

Then there's you
And the pain thatÃ¢â€Œ™s put you through
Now you're scared to let go
But I know that's what you've got to do

Have a little faith
In this magic we feel
Have a little faith
That this time it's real
A little faith will help
(A little faith)
Your heart heal
(Have faith)
I'll be waiting hmm

Here we stand
All our dreams are in your hands
For you can kiss them goodbye
Let them die or trust what fate has planned

Have a little faith
In this magic we feel
Have a little faith
In what time will reveal
A little faith
(A little faith)
Will help your heart heal
(Have faith)
And I'll be waiting

Hmm and I'm gonna stay
'Til you find a way

Oh have a little faith
In this magic we feel
(Have a little faith)
A little faith

That this time it's real
A little faith
(A little faith)
Will help your heart heal
(Have faith)
And I'll be waiting hmm

Have a little faith hmm
Have a little faith oh oh
A little faith in me
Have little faith
Ohh, hmm, ohh
